

### SPRINT-1

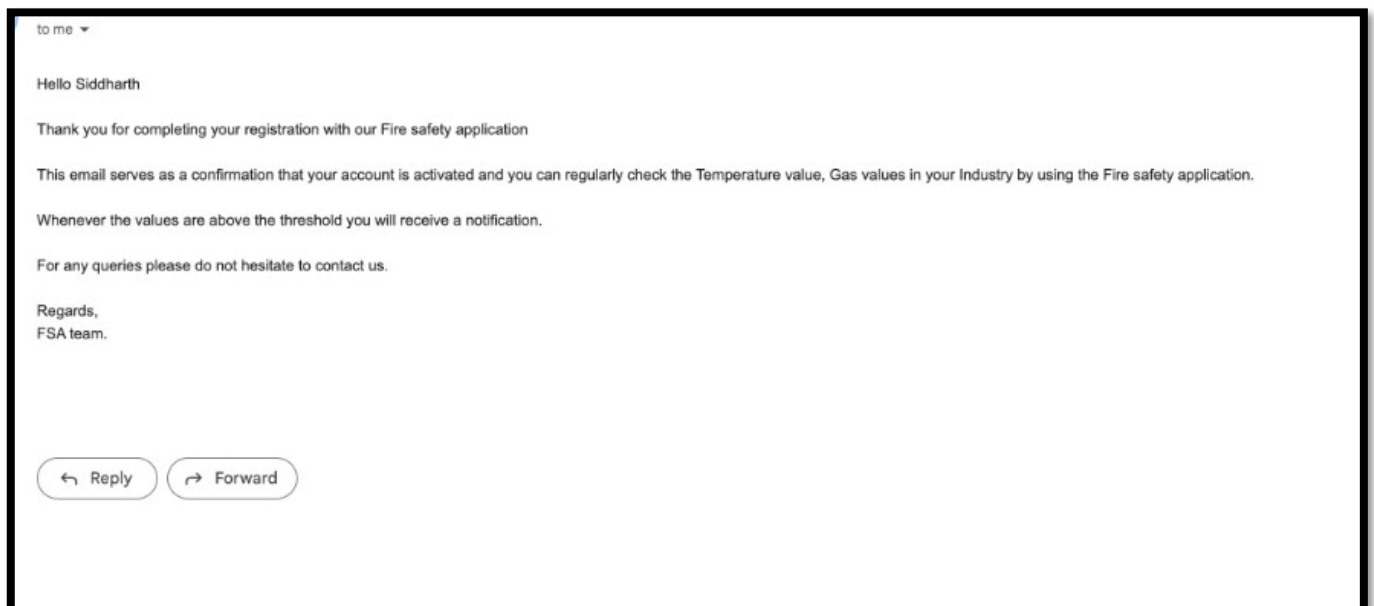

Team ID	PNT2022TMID53651
Project Name	Project – Industry Specific Intelligent Fire Management system

Users can register for the application by entering their Username, Email, Password.

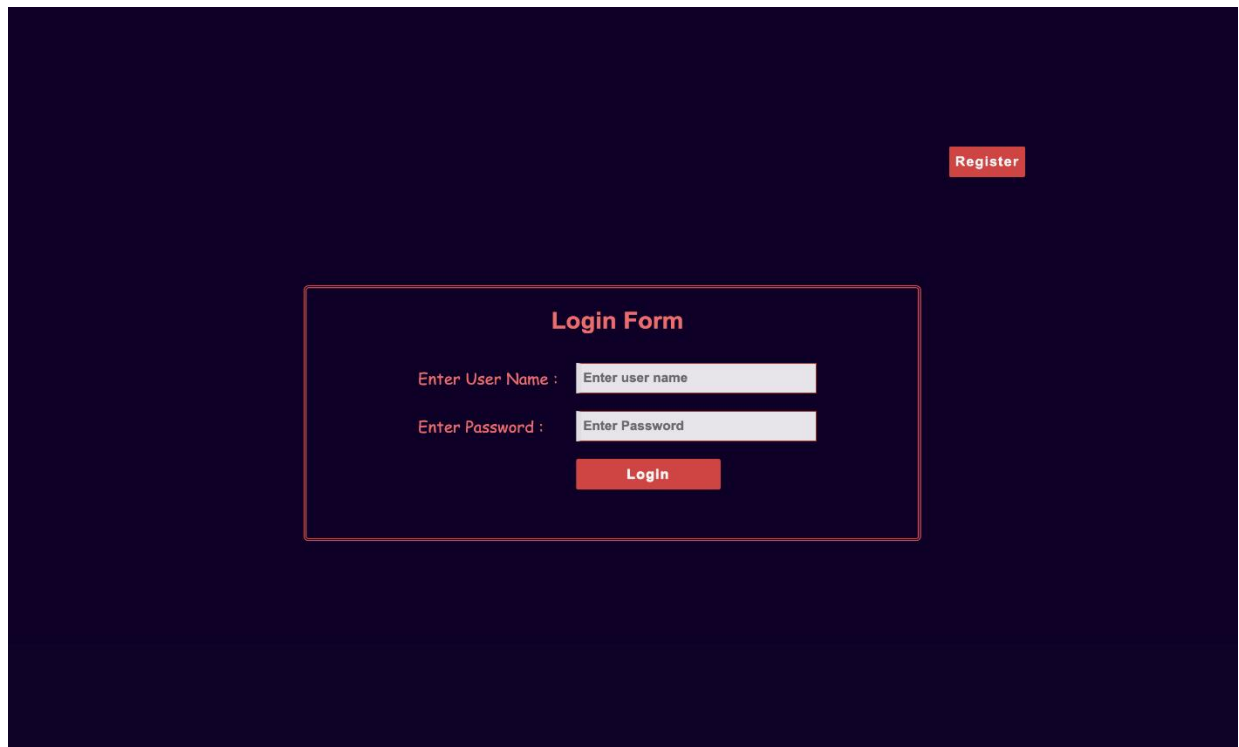

The screenshot shows a dark-themed user interface. In the top right corner, there is a red 'Login' button. Centered on the screen is a white 'Registration Form' box. Inside this box, there are three input fields: 'Enter User Name :', 'Email:', and 'Enter Password :'. Each field has a light blue placeholder text. Below the password field is a red 'Register' button. The background of the entire page is a dark blue gradient.

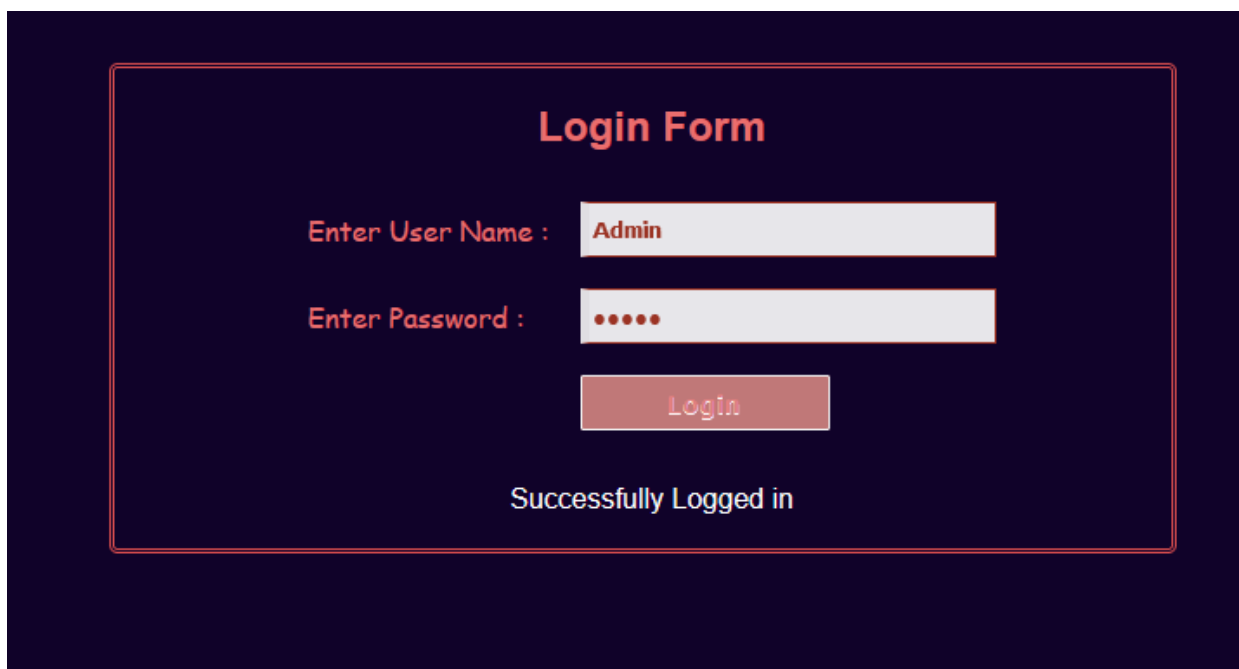

User will receive a confirmation email once they have registered for the application

Users can login to the application through Username and password

This screenshot shows the initial state of the login form. It features a dark blue background. In the top right corner, there is a red button labeled "Register". Centered on the page is a white rounded rectangle with a red border. Inside this rectangle, the title "Login Form" is displayed in red. Below the title, there are two input fields: "Enter User Name :" and "Enter Password :". Both fields are currently empty and have a light gray background. Below the password field is a red button labeled "Login".

This screenshot shows the login form after a successful login. The background remains dark blue. The central white rounded rectangle with a red border now contains the title "Login Form" in red. The "Enter User Name :" field is filled with the text "Admin". The "Enter Password :" field is filled with five black dots, indicating a password. Below the password field is a red button labeled "Login". At the bottom of the white rectangle, the text "Successfully Logged in" is displayed in black.
